copper alloys***

Maximizing the value of high performance copper alloys

Our long history started in Germany four and a half centuries ago with the production of brass strip, sheet and plate products. Since then we have focused activities to become a major global producer of high-quality strips for numerous connector market segments.

KMP
GROUP

We produce a wide range of optimized alloys that are used in the production of connectors, electrical or electronic components and other high-end applications.

TERMINALS FOR CONNECTORS

FINAL PRODUCT

Since April 2014 we are a Joint Venture Company founded by the KME Group of Europe with Chinese partner Golden Dragon Precise Copper Tube Co., Ltd, with the target to become the global leader in connector strips.

We are a customer-focused global key supplier of high quality connector-strip, we establish long term partnerships with worldwide leaders and innovation-driven players in the connectors industry.
